

A Few Words From My Happy V.I.P. Clients!

Agent of the Month Rocci Harris-Lueck

This month, Rocci has been an exemplary agent within our brokerage. With the roll out of our new brokerage platform, kvCORE, Rocci has shown dedication and excitement to learn and grow her business by attending all trainings thus far. Not only is she a regular meeting participant, she has also imported and created her contacts, and has been working on completing the Agent Success Plan. Rocci's commitment and tenacity in taking on this new program is the kind of attitude we love to see of our agents. Rocci continuously makes calculated steps to grow her business and we are happy to have her at Greater Midwest Realty.

“Our property sold faster than we ever imaged! Rocci was amazing to work with....She fully communicated with us and answered all of our questions.”
